

MWPAAC Web site Presentation

Wednesday, September 5, 2007

Jamie Foulk and Valerie Garza, WTD staff

Introduction

The MWPAAC Web site was requested by local agencies to host meeting agendas, schedules, presentations, and other reference materials (such as bylaws). Christie True, Division Director, also received feedback in recent months for a "WTD Contact" page listing staff contacts for county programs, projects, and sections. The Web site was presented to the E&P subcommittee on August 22 and was launched on Tuesday, September 4.

The Home Page

This page lists the purpose of MWPAAC, WTD staff contacts for more information, an "Announcement" boxed area to highlight upcoming events, "In the News" links for county and local agency news, and internal and external links in the left navigation bar.

Announcements. Valerie will be listing upcoming events of interest. To request announcements, please contact Valerie.

King County WTD Contacts. Click here to get a list of key contacts at the Wastewater Treatment Division. The contacts page is linked to the King County Online Directory.

News Releases. A list of county and local agency news releases will be listed here, based on daily "WTD Newsbrief" emails provided by WTD Media Relations lead to WTD staff. Local agencies can also submit news releases to Valerie.

WTD Managers and Program Contacts Page

This page lists key staff contacts for the Wastewater Treatment Division and is linked to the King County Online Directory. If you have difficulty locating a staff person in charge of a particular program or project, please contact Valerie Garza or the front desk receptionist, 5th floor King Street Center (contact email and phone numbers listed on Web page). Note: expect some changes to this page in the next 3-4 months while WTD experiences some reorganization of sections/work groups.

WTD Section. Lists group detail of each section within WTD.

Manager & Key Contacts. Lists key staff (employee detail) within each section.

Project/Program. Lists group detail of most projects and programs under each section.

Background Info. This column lists Web pages on the WTD Web site that relate to each section/program/project.

| WTD Section (Group Detail) | Manager & Key Contacts (Employee Detail) | Project/Program (Group Detail) | Background Info (WTD Web) |
|---|---|---|--|
| Director's Office To protect public health and the environment by: -- Conveying, treating and reclaiming wastewater and by-products. -- Operating and maintaining wastewater facilities. -- Planning to meet future wastewater needs. -- Providing engineering, environmental and construction services for our facilities and programs. >>back to top | Christie True , Division Director Lorraine Patterson , Assistant Division Director Bob Hirsch , Government Relations Administrator Jim Faccetti , Safety and Health Supervisor | Management Safety and Training Intergovernmental Affairs Strategic Policy and Communication Group More... | WTD home page Who We Are WTD Vision WTD Facts Directions to our Facilities Trouble Call Program Site Map |
| Finance and Administration Section includes: -- Financial Services -- Technical Publications -- Information Systems Services -- Capacity Charge Program -- Rate Development >>back to top | Tim Aratani , Section Manager Eunice Versteegen , Water Quality Planner, Capacity Charge Tom Lienesch , Economist Dennis Barnes , Senior Financial Analyst | Financial Services/Rates Capacity Charge More... | Sewer Rates for Wastewater Treatment Capacity Charge Program Productivity Initiative |

References & Links

Organized by MWPAAC, King County and other organizations.

MWPAAC. Bylaws, link to RCW 35.58.210, and past letters of recommendation. Other references could be posted and should be routed to Valerie Garza.

King County. Links to WTD and other county agency Web pages, including Legisearch.

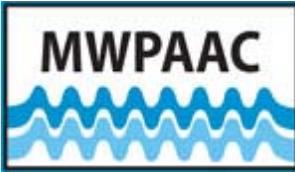

Other Organizations. State, Regional and National wastewater and water quality related organizations are listed at the bottom of the page (not shown at left).

How and When Content is Posted

Content posted on the MWPAAC Web site is coordinated by Valerie Garza. The General Meeting agenda, schedule, and monthly calendar of events (and potentially the previous meeting minutes) will be posted about a week before each meeting. Presentations will be posted the week following a meeting. Announcements, news releases, reference material and other content by the local sewer agencies can be posted more frequently. Depending on the type of request, most content could be posted within five business days.

Contact Valerie Garza, Administrative Staff Assistant, at valerie.garza@kingcounty.gov or 206-263-6070. You may also write to :

The Spotlight

Good Work and Good News

WTD has achieved National Biosolids Partnership Platinum Level Status of its certified environmental management system (EMS) for biosolids. The platinum level designation represents the highest achievement of biosolids management and environmental stewardship.

>>[News Release](#)

The [City of Carnation](#) recently welcomed a new Public Works Director to their staff, Chris Hagedorn. Chris Hagedorn hails from the City of Mount Vernon working as the Mount Vernon's Public Works Department Program Coordination Division Manager. He's been in the engineering/public works industry since 1991. Chris is the official MWPAAC representative for the City.

Great news! Both South Plant and West Point have received Platinum Peak Performance Awards from the National Association of Clean Water Agencies for outstanding compliance with state and federal permits. This is the ninth consecutive platinum-level award for South Plant, and the first ever for West Point. >>[News Release](#)

The [City of Issaquah](#) has recently promoted Dennis Chung to the position of Senior Engineer in the Water and Sewer Utility. Dennis has been with the city for 3 years. Please welcome Dennis as the newest member of the Engineering and Planning Subcommittee.

Wastewater Treatment Division Director Christie True was honored by the National Association of Home Builders as Local Official of the Year for 2006 for her work keeping the Brightwater project on schedule and moving forward. >>[News Release](#)

Please welcome Joyce Clark, Vice-President of the Board of Commissioners for [Skyway Water & Sewer District](#) to MWPAAC. Joyce has also joined the Engineering and Planning Subcommittee.

The [City of Seattle/Seattle Public Utilities](#) has a new representative to MWPAAC, Trish Rhay - Director of the Utility Systems Management Branch of the Drainage and Wastewater Division. Please welcome her to MWPAAC and the Engineering and Planning Subcommittee.

Trivia Question of the Month

From Aug. 1 MWPAAC meeting

Question: What is the largest diameter pipe in the King County Wastewater System?

Answer: 14 feet and 8 inches

Question: What is the smallest diameter pipe in the King County Wastewater System and it includes forcemains?

Answer: 2 1/2 feet, on Vashon Island and it's the forcemain that goes from Bedford Trail up to the Treatment Plant.

Double Winner - Gary Hajek, General Manager of Cross Valley Water District
